Hotel Description:			
<p>El Hotel ROC Presidente **** is located just 3 kms from the old historical part of Havana, "La Havana Vieja", a twenty minute drive from the Jose Marti International Airport. It is only 20 kms from the East Side beaches and 200 meters from the renowned Amadeo Roldán Theatre. Located in El Vedado, only 200 meters from the famous Pier of Havana, "el Malecón", therefore many of the rooms have beautiful sea view.</p> <p>The hotel Roc Presidente characterises itself for being housed in a spectacular building from the 1920's, being the first skyscraper in the city of Havana, and for its breathtaking interiors representing the era it was built in, but with all its modern comfort and personalised services that the client seeks.</p> <p>The Hotel was reformed in 2011 following a clear luxury style and keeping all the grandeur of its recent history, an exquisite care was taken to preserve every detail during its restoration and decoration. Throughout the interior of the Hotel, displayed are more than 100 classified pieces of art, giving a very unique taste to the guests from the moment of their arrival. They can enjoy the "Lobby Museum", relax by the poolside, or go on interesting excursions to Pinar del Río, Varadero, Santa María del Mar or other famous sites nearby.</p> <p>We offer bed and breakfast (C.P/B.B), or Half board with dinner (H.B), for special requests Full Board is also available.</p>
